

ALPHA K9 NEWS

Train like the Pros

Wish you knew the secrets to getting your dog to stop pulling on the leash. Or how to get your dog to listen even when there are distractions? During our private lessons, we teach you how to use the same techniques we use to train all of our client dogs, and our personal dogs as well!

Got problems?

No dog is born perfectly trained, and some may inherently have greater difficulty being successful members of the home. We have worked towards resolving any canine problem behavior you can think of. We use canine psychology to understand the root of the problem and develop a plan to help solve it!

Help us help you!

Are you a client? Did you have a good experience with our trainers? Help us help more people by leaving a review or recommendation on Facebook or Google! Let us know if there is anything you think we can improve on so we can make sure our clients have a great experience!

Day School is the New Way to Train!

Want your dog to get fully immersed into a training program with a certified Canine Training and Behavior Specialist, but don't want to pay for an entire Board and Train Program? Can't stand the thought of being away from

your dog for weeks on end? Day School is now the most popular way pet owners are getting training for their dogs! Your dog can get hours of training, play time, socialization, and work on any training goals that you desire!

Many clients decide to return for additional weeks of our day school program after how much improvement they saw in just a matter of days!

Our Puppy Program is a huge hit!

Got a new puppy for Christmas? Or thinking about getting a puppy but are concerned about the hassle of potty training and crate training? Bringing in the New Year can be "ruff" but bring home your new puppy doesn't have to be. With our Puppy Board and Train program your new pup will learn Potty Training, Crate Training, Home Manners, and all of the basic obedience commands! No need to let the new puppy keep you up all night, or make messes in your home! We will help you make sure your new pup gets started off on the right *paw*!

Now partnering with Watch My Wag!

We are excited to announce that we are now offering training in Southern Pines, NC and the surrounding areas at Watch My Wag! Already a boarding or day-care frequent flier at WMW? Now your pup can get training in addition to hours of play time!

- **Private Lessons**
- **Group Lessons**
- **Day School**
- **Board and Train**

Alpha K9 Academy certified trainers are now offering these training services for your and your dog(s) at the same great location you have been going to for grooming and boarding!

Check out the Pro-Shop

We carry all of the equipment needed to train your dog just about anything! We use simple tools and simple techniques that anyone can learn and implement. With a little time and consistency your dog will amaze you with what they can learn!

New Location on N. Reilly Road Fayetteville, NC!

Cold rainy days can often make training a drag, but thankfully, beginning in January 2020 we will be opening and Alpha K9 Academy located conveniently on N. Reilly Rd. Fayetteville, just outside of the Reilly gate! Our new facility will be open for open training hours for all of our Alpha K9 Club members to use our training equipment to work on their individual training priorities.

No more cancelling appointments for inclement weather, or watching your poor pup start shivering a few minutes into training. Our training facilities are equipped with everything you need to get training done right!

Having a facility helps us provide a safe and controlled environment that ultimately improves the quality of training we can offer our clients! Be always being teaching our dogs new skills in low distraction environments, and we slowly introduce increasing levels of distractions as we progress through the programs. Sign up for training to learn more about our methods.
